HUMANITARIAN RESPONSE PLAN 2018

OVERVIEW

The Shelter/NFI/CCCM Cluster YHRP 2018 will focus on more sustainable interventions recognizing the need for Livelihoods opportunities if families are to be given a chance to escape from the debilitating cycle of poverty. It also recognizes the need to harness the significant capacity of National Partners to bring the response closer to the beneficiaries, by focussing on capacity building and highlighting the need for all Clusters to work together to deliver an 'integrated response'.

This year the 2018 YHRP is seeking US$2.96 billion (up 40% from 2017) to assist 13.1 million (up 9 % from 2017) vulnerable people across the country out of 22.2 million people (up 18% from 2017) in Yemen who are in need for some kind of humanitarian or protection assistance, including 11.3 million (up 10% from 2017) who are in acute need.
